BER WEATHER EQUAL TO THAT OF MAY IN MIN-NESOTA.

Thomas Regan and C. Collins, of Eden Valley, Minnesota, went out to Western Canada last December as delegates, to look over the grazing and grain lands that are being offered at such low prices and reasonable terms. This is what they say:

"Wearrived in Calgary about the 20th December and although we had left winter in Minnesota and Manitoba, we were surprised to find beautiful warm weather at this point, quite equal to what we have in May in Minnesota. There was no snow nor trace of winter to be seen, and the climate was really splendid. Horses, cattle and sheep were running out, in prime condition, with plenty of feed on the prairie, and really better than that of ours stabled in the south. We are impressed with this country as one of the finest mixed farming countries we have ever seen. The immense tracts of fertile lands. well sheltered and abundantly watered, leave nothing to be desired.

Leaving Alberta we returned east and visited the Yorkton district in Assinibola. We drove out about ten miles at this point and were highly pleased with the splendid samples of grain we were able to see, wheat yielding 25 bushels, oats 60 bushels. Roots were also good specimens. From what we have seen, we have decided to throw in our lot with the Yorktoners -satisfied that this part of the country will furnish good opportunities for anyone anxious to make the best of a really good country. Any agent of the Canadian Government, whose advertisement appears elsewhere in the columns of your paper will give you full particulars of the new districts being opened out this year in Assiniboia and Saskatchewan.

STAYS IN JAIL FOR SPITE.

Pennsylvania Court Is Asked to Expel a Stubbern Old Man from Prison.

James Gannon, 68 years old, infirm and gray-headed, declares that you can't make a man leave a jail if he doesn't want to. He has been in the county jail at Scranton, Pa., since 1894, and now says he won't leave. The question that is concerning the authorities is, Can a free man be forced to leave a jail? reports a local

The old man was sent there seven years ago for refusing to sign a deed disposing of his own property. He was accused of contempt. He declared he would never sign. A bill was passed giving county officers the right to sign deeds of transfer, and Scranton breathed free again. But Gannon won't budge out of jail.

"I've got used to jail life, and I like it," said he. "I guess I won't leave.

Then habeas corpus proceedings were started. Gannon refused to sign the petition. Now Scranton wants somebody to come forward with a scheme to get a man out of jail against his wishes.

Willing to Pay Any Price.

Very few people are willing to pay more than the manufacturers price for any article even though it be remarkably good, like Palmer's Lotion. Such was not the case with Mrs. Martha M. Johnson, of Derby, Connecticut, who wrote: "Please to send me some of your Lotion. I am willing to pay any price for it, for I have heard it highly extolled and seen its wonderful effects." This proves Palmer's Lotion as nearly priceless as any remedy can be. If your druggist doesn't have, it send to Solon Palmer, 374 Canal street, New York, for samples of Palmer's Lotion and Lotion Soap. Very few people are willing to pay more
